# Why use Orchardlea?

We are a small family run business based in Exeter. Our focus is on sourcing local, quality, artisan products and we love to support our local producers in the South West. We offer a large range of farmhouse and artisan cheeses, many of which are made here in Devon, sliced and cured meats which we pack in house and a variety of deli products including dips & salads, cakes & traybakes, chutneys & preserves and so much more.

On site we cut and pack our cheeses and meats in our dedicated production rooms. This enables us to sell in single units as well as bulk quantities which means that we can be flexible to your ordering requirements.

## *West Country Olives*

We produce our own olive range on site too and these continue to be such a well loved product with our customers. This year we took the plunge and took on a production lead solely for the olives which we hope will enable the brand to continue to expand and new flavours to be developed.

# Terms & Conditions

## **New Accounts**

To setup a new account with us you will be asked to complete a new account form, we do ask for trade references (if you are a new business this will not be required).

You will be setup on our system, we will then send an invite to our new ordering app, or orders can be placed via email or telephone.

We ask for pro-forma payment for first orders for all new customers, thereafter you can move onto a 21 Day credit account, payment over the phone by card or cash on delivery.

## **Statements & Payments**

We issue statements on or around the 1<sup>st</sup> of every month, we really do appreciate it when invoices are paid on time and accounts are kept up to date. If payments are overdue your account will be placed on hold until a required payment is made.

We reserve the right to remove credit facilities where we feel necessary, and if accounts are unpaid or no communication is being made with us to clear an account a court claim will be raised. We don't like doing this and it is only in exceptional circumstances this will happen.

Credit accounts and payments are at our discretion, we will always be fair and flexible where we can be to support customers.

## **Prices**

Prices are subject to change, due to our suppliers prices rising we have to amend our prices in line with them.

We will always try and give as much notice where possible. When we are given short notice on price increases from our suppliers we can only apologise.

We issue a new product/price list every month with the most up to date prices listed. Our customer portal is available on our website where our most up to date price list can be downloaded. The prices on our new online app will always be current too.

## **Claims**

On the occasion that there is a discrepancy or a shortage/error on your order, or if goods are damaged you must advise us within 24 hours of delivery (where possible) by telephone 01392 661001 or email [orders@orchardleaffoods.co.uk](mailto:orders@orchardleaffoods.co.uk). We will then raise a credit at our discretion.

## **Damaged or faulty products**

We will always be as reasonable and fair as we can, and we're happy to replace/credit faulty products that are reported by phone or email within 24 hours of receipt.

Please contact the office to arrange the return and a collection note will be raised for the driver.

## WEST COUNTRY OLIVES

Our olives are sourced directly from sun-ripened groves in Greece, then carefully blended in small batches with premium and local ingredients from the South West of England.

The result? A rich, fresh flavour you simply won't find in mass-produced olives.

All of our olive flavours are available in ambient 175g retail packs and 1kg catering bags.
